A Publication of the Middlesex County Dental Society

President's Message ... Nancy Villa

WELCOME BACK!

What a great time to be a dentist! How lucky we are to have dental manufacturers advertise for us. Radio, TV and magazine ads are repeatedly delivering the message that a beautiful smile is very important. Consequently, patients have higher expectations than ever before. Membership in our organization certainly makes it easier to be a great dentist. Interaction with colleagues at meetings provides the opportunity to discuss complex interdisciplinary treatment plans and share experiences with each other. In addition, practice development and learning about business principles is just one more reason to belong.

We have excellent continuing education programs planned for the upcoming year thanks to Jim Courey and Ethan Glickman. Attendance at these courses can elevate our level of awareness of what's important and how to do things better. Giving your patients a reason to "show off" their smile makes all of the difficulties of practicing dentistry fade into the background. This sincere appreciation is something we won't get anywhere else so enjoy it before your retire.
Nancy Villa, President

GENERAL MEETING – Tuesday, September 16, 2003

Registration	6:00
Business Meeting and hors d'oeuvres	6:30
Dinner & Speaker	7:00

DEVELOPING A COMPREHENSIVE EXAMINATION AND TREATMENT PLANNING PHILOSOPHY

Featured Speaker: Robert R. Cowie, DDS, FAGD

Dr. Cowie is a 1976 graduate of Northwestern University Dental School and practices in Jacksonville, Florida. In addition to his membership in the ADA, he has served organized dentistry on the state and local level, having been a past president of the Jacksonville Dental Society. He is a member of numerous professional organizations including the AGD, the American Equilibration Society, the Florida Academy of Dental Practice Administration, the Pierre Fauchard Academy, and Toastmaster's International. Having completed the continuums at the Center for Advanced Dental Studies and the L. D. Pankey Institute, Dr. Cowie has lectured nationally while continuing a full-time practice.

We all learned how to exam patients in dental school, and then tell our patients what they needed to have done based on what treatment plan was "approved" by our professors, but how much was the patient involved in the process? Unfortunately, once out of dental school most of us continue the habits we established in school and "tell" the patient what they need, instead of "ask" what they want? How do you get them to "want" what you think is the best treatment for them to have, regardless of insurance coverage? To be the most effective dentist today and be able to offer our patients the quality of care they deserve requires a different level of understanding of the examination and consultation process. Furthermore, the inclusion of one or more specialists in the treatment planning process is often necessary to provide our patients with the best quality of care. This program is to help general dentists and specialists understand what skills are employed to comprehensively diagnose each patient and then present the treatment in a way that is most likely to be accepted by the patient.

MCDS Board of Trustees Report

-May 13, 2003-

Attendance: Ashmen, Brunsden, Courey, Galkin, Glickman, Huberman, Kahn, Kline, Lawson, Prabhu, Pollatos, Rosen, Schambra, Silverstein, Villa, Weiner, Ziemba

Acceptance of Minutes-4/8/03-vote unanimous.

President's Report-B. Huberman

- We had a terrific general meeting last month, as well as the mentor lead course the following day at the Clarion.
- Congratulations to Maya Prabhu for passing her board certification exam
- Remember ADPAC Night at the Races at the Meadowlands. There's still time to register. Contact Ricki at NHDA.
- An organizational meeting was held for 2003-2004. Drs. Villa, Brunsden and Huberman along with Marlene attended.
- For the September meeting, we would like to invite all the shadowing students from Middlesex County. This was conveyed to Greg Sobel from Rutgers, who was very happy with the progress of the program. We would like to invite a representative from UMDNJ to give a 10-15 minute lecture on the E-Curriculum. We also reviewed the business meeting format along with the sign in sheets.
- Thanks to all the officers, board members and members for making this year a truly enjoyable experience for me as your president.

Treasurer's Report-R. Kline/ S. Lawson (See full report in newsletter)

Editors Report-R. Silverstein/ M. Weiner

- We discussed sending non-members the MCDS newsletter in August to enable them to see the wonderful courses that will be presented in the coming months
- We are looking into the possibility of sending the monthly newsletters via e-mail to those members who are interested

Program Chair's Report-C. Ziemba

Our Staff Night on Tuesday, May 20th was a very successful event that was well attended with over 250 doctors and their staff. The music was awesome and everyone enjoyed listening or dancing. Don't miss out for next year's Staff Night! Sign-up early!

NJDA Trustee Report-R. Kahn (See full report on p. 4 under 'NJDA Noteworthy News')

Special Olympics-C. Brunsden

We are looking for donations for the Silent Auction taking place on June 11-13 at the Annual Session. The money raised will be used for the benefit of the Special Olympics. For donations, please contact Cavan Brunsden @ 732-679-2323

NJDA Council Reports:

Annual Session-A. Ziemba

- Annual Session was held June 11-13, 2003 in Atlantic City at the Taj Mahal.
- Free CE credits were available through table clinics, product demos and essays
- There was a theme party Wednesday, June 11th with drinks and food.
- UMDNJ Dental Alumni Luncheon was held Wednesday, June 11, 2003.
- June 12th was the President's Dinner Dance

Children's Dental Health-C. Brunsden

The Poster Contest for Children's Dental Health Month was held on April 15, 2003 at the Old Bridge High School East Auditorium at 7:00 PM. There were about 195 children in attendance.

Membership-S. Galkin

- The Membership Council met last month. ADA dues payment structure was discussed and three payment options were approved; full pay, 2 equal installment payments, and 6 equal installment payments. No other payment plans would be accepted.
- A formal fee waiver policy was also discussed for members that may need them and this policy is being finalized.

In Memorium

ARTHUR L. JOSELSON
Practiced dentistry in New Brunswick
and Somerset for 35 years.

In Memorium

RIKTA N. AMIN-GOLDSTEIN
Practiced dentistry with the Edison
Dental Group for approximately 15
years. She was 49 years old.

DENTIST NEEDED FOR P/T TEACHING POSITION AT MCC DENTAL HYGEINE PROGRAM CLINIC:

Mon. 9-12/or 1:25-4:15 Sept. thru
mid-Dec. Must have NJ License.

Department of Membership

DUES NEWS

In order to more closely align our dues collection practices with the ADA's constitution and bylaws, the NJDA will institute new dues payment options in 2004 designed to afford our members maximum payment flexibility and convenience.

Each member will have to select a payment option at the time of first payment for the 2004 membership year. As always, the first invoice for 2004 will be delivered in November 2003 and will present the following payment options.

PAYMENT IN FULL – payment must be made in one lump sum.

- One-time payment in full by check or credit card is due by January 15, 2004
- Any partial payments made by check will be returned to the member

INSTALLMENT PLANS – payments may be made by **credit card only**. Members' cards will automatically be charged on a monthly basis as described below. Each monthly charge will include a \$5.00 service fee. Checks received for installment plan payments will be returned to the member.

OPTION A – TWO (2) EQUAL CREDIT CARD PAYMENTS

- First payment - January 15, 2004
- Second payment - March 31, 2004

OPTION B – SIX (6) CREDIT CARD PAYMENTS

- Payments must be completed by June 30, 2004
- If a member elects to **begin payment in November, December or January**, the member's credit card will automatically be charged one sixth (1/6) of his or her total dues each month for six months
- If a member elects to **begin payment in February, March or April**, the member's credit card will be charged two sixths (2/6) of the total dues in that month (**February**), three sixths (3/6) of the total dues in that month (**March**) or four sixths (4/6) of the total dues in that month (**April**) and one sixth (1/6) every month thereafter until June 2004

IF YOU HAVE ANY QUESTIONS OR CONCERNS ON THIS MATTER, PLEASE CONTACT THE NJDA MEMBERSHIP DEPARTMENT AT 800-831-6532

ADA Fights Insurance Abuse Against Dentists

(ADA) and two of its member dentists are suing some of the nation's largest insurers under the federal Racketeer Influenced and Corrupt Organization Act (RICO) and supporting state laws for insurance abuses against dentists contracted under the insurers' managed-care plans. Defendants named in the lawsuit are CIGNA Corporation, CIGNA Dental Health, Inc.; MetLife, Inc.; Metropolitan Life Insurance Company; Connecticut General Life Insurance Company; and Mutual of Omaha Insurance Company. The class-action lawsuit, filed May 19 in the U.S. District Court, Southern District of Florida in Miami, charges the defendants with illegally paying their in-network dental providers less than their charges for provided dental services and with late payments in states with prompt-pay statutes. Specific charges in the complaint include the defendants' secret use of cost-based or other actuarial criteria unrelated to a covered procedure or service to approve or deny claims. The defendants also are charged with downcoding (changing the procedure code to a less expensive code) and bundling (combining codes of two or more performed procedures into one billed procedure) to deprive plaintiffs of fees owed to them for covered services. Further, they allegedly intentionally engaged in delaying payments to dentists, including the use of automated programs that suspend claims before actual processing and used their economic power and market dominance to coerce plaintiffs to accept these abusive practices and to unilaterally amend contracts with dental providers. The complaint also alleges the defendants engaged in a conspiracy to undertake these abuses with third parties, including other managed care and dental insurance companies, trade organizations and vendors. "We are disturbed by these practices and intend to pursue vigorously all of our legal remedies for the benefit of our members and their patients," said ADA President T. Howard Jones, D.M.D. The plaintiffs seek an injunction to prohibit the insurers from continuing to engage in the alleged abusive behaviors and awarding of compensatory and punitive damages. "The conduct that we have found with reference to the defendants in this lawsuit is pervasive, unfair to patients and the profession, and, I believe, illegal" said Peter Sfikas, ADA chief counsel. "These are matters that should be brought to the attention of the federal courts and rectified there."

MCDS Welcomes New JFK and RWJ Residents

JFK Hospital Residents

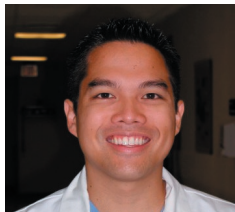

Dr. Juju B. Joy graduated from Bapuji Dental College in India (the secondary education system is different in India) in 1998 and then received her DDS degree from NYU Dental School in 2003.

Dr. Nima M. Patel graduated from Rutgers University in New Bruswick in 1997 and then had her dental training at UMDNJ/New Jersey Dental School and received her DMD degree in 2003.

Robert Wood Johnson Hospital Residents

Dr. Jeremy R. Vince-Cruz earned a Bachelor of Arts degree in biology, graduating cum laude from Rutgers University in 1999. He then obtained his DMD in 2003 from the University of Medicine and Dentistry of New Jersey.

Dr. David M. Herman earned a dual degree in English and American Studies, graduating from Brandeis University in 1994. He then obtained his DMD in 2003 from the University of Pennsylvania School of Dental Medicine.

Dr. Steve Cawley earned a Bachelor of Arts degree in economics, graduating from Rutgers University in 1998. He then obtained his DDS in 2003 from New York University

Dr. Jamie L. Leizer earned a Bachelor of Science degree in psychology, graduating from the University of Wisconsin-Madison in 1999. She then obtained her DMD in 2003 from the University of Medicine and Dentistry of New Jersey.

Dr. Jason Wasserman earned a Bachelor of Science degree in biology, graduating from Penn State in 1999. He then obtained his DMD in 2003 from the University of Medicine and Dentistry of New Jersey.

Great Member Benefits:
MCDS Web Site — Our web site has all of the latest MCDS news, as well as archives of past newsletters and useful links. www.MCDSofNJ.org
Login: mcds Password: sy
MCDS Video Library — at St. Peter’s Hospital. All you need is a valid ADA membership card to access the extensive video collection.
Lawline — Remember LAWLINE if you have a legal question related to your dental practice. As a continuing member benefit, NJDA’s General Counsel, Arthur Meisel, Esq. and Assistant Counsel Patricia DeCotiis are always available to confer, at no cost, with members. If you have a question or need assistance, call Mr. Meisel at (732) 422-2730 or Patricia DeCotiis at (732) 422-2717 or send them a fax at (732) 821-1082.

MCDS Board of Trustees Report

Continued from page 2

• Also, the NJDA will host a barbecue for the incoming students at UMDNJ in the fall to help promote organized dentistry to them.
Mentor –E. Glickman
These courses took place after our MCDS Board Meeting;
“Prolonged Thumb/Finger-Sucking Habits: Help with a...Positive Approach!” Wednesday, May 21, 2003, speaker: Rosemarie Van Norman C.O.M. This was an intensive full-day workshop to facilitate the development of clinical skills to help children discontinue prolonged digit- (thumb or finger) sucking. This presentation provided comprehensive information about the WHOLE behavior. A complete therapeutic program was presented to eliminate the sucking activity through positive behavior modification, including assessment, treatment planning, and effective treatment strategies. Actual treatment videos and a question and answer session enhanced our learning experience. 64 people attended this seminar and 7 CEU credits were awarded.
Annual OSHA Seminar: Tues. evening, June 17, 2003 at St. Peters Medical Center. This program satisfied the OSHA standard on Occupational Exposure to Blood Borne Pathogens, which is required annually for dentists and staff. Each office person trained received certification that they have been properly instructed for this OSHA regulation on Infection Control. Two CEU credits were awarded to the 211 members and staff who attended the seminar. The fee for this required OSHA seminar was \$15 per person. (tuition is at least \$85/person elsewhere-GREAT MEMBER BENEFIT!)
Peer Review-J. Fahsbender
There was one case resolved by mediation. The dentist returned \$665 to the patient. One case is under review. One case is with a hearing status.
Good & Welfare
Congratulations to Bruce Huberman for completing the Boston Marathon!
Respectfully Submitted, Bob Silverstein

Highlights from Staff Night 2003

Outgoing Program Chair Dr. Araceli Ziemba and incoming MCDS President Dr. Nancy Villa with door prize winners. Among the prizes were DVD players and gift certificates.

Take advantage of
14 Hours of Low Cost CE
from this fall’s Mentor course line-up.
See page 5 for details and course registration.

NJDA NOTEWORTHY NEWS

STATE BOARD OF DENTISTRY REPORT

The last State Board of Dentistry meeting was held on June 13th in Atlantic City during the NJDA Annual Session. The discussion at the meeting focused on the proposed enteral sedation regulation.

REPORT OF TASK FORCES

Task Force on Amalgam & Wastewater

The State Department of Environmental Protection published a “draft of a draft” of an overall State plan and that in this 110-page draft, dentistry was mentioned in one line, which referred to mercury in amalgam. The Task Force thought it should respond to this draft. Mr. Art Meisel and the legislative arm of NJDA advised that a response would be premature at this time. Drs. Graham and Giantomas will be attending a meeting at the ADA in August on “Train-the-Trainer” on amalgam wastewater management. Dr. Frank Graham put out a request to the Board for an additional three people to be added to his Task Force on Amalgam and Wastewater. He urged the Trustees to go back to their component to see if any members (with scientific research background) were interested.

Task Force to Deal with the Dental Hygienist and Dental Assistant Shortage

Dr. Maxine Feinberg reported that the Task Force met with Burlington County College to discuss its dental auxiliary programs. They have a state of the art program planned, starting with 48 positions and may also hold weekend programs and add an assistant program. Dr. Feinberg added that Judy Zirkle, RDH, President of the NJ Assistants Association, runs a very good assistant program and may start a hygiene program. She was very pleased to report that Dr. Gene Sherwin was appointed to the planning board for the Burlington program and NJDA added him to NJDA’s Task Force.

Task Force on NJ Dental I.D. Team

They are creating specific pathways to membership, working together on funding requirements going into the future, training, etc. It was requested that prior to September 2003, the Task Force present a time frame and agenda to the Board.

CHALLENGE of RULES of THE BOARD

Dr. Riva requested, after explaining his position on the matter, rescinding an April 16th Board of Trustees motion adopted by the Board to amend the Rules of the Board. While serving on the Board of Trustees or any councils of the New Jersey Dental Association (“NJDA”) a person shall not express opposition to or espouse a position inconsistent with one set forth by the NJDA before any legislative or regulatory body or with the news media. After some discussion, a motion was made to set up a small committee of the Board to review this policy.

ANNUAL SESSION & EVENTS

2,525 attended NJDA’s Annual Session vs. 1,985 last year; we sold five more booths and we had 115 dental students and residents attend. Next year we plan to expand with invitations to the Specialty Groups. In terms of revenues, we are ahead of last year; however, the bills from the Taj have not come in to date. The next NJDA event is the Golf Outing, scheduled for August 20th.

MEMBERSHIP

ADA Grassroots Initiative: NJDA has chosen three target groups as a pilot project to see if it makes a difference in recruiting membership. The three groups are: UMDNJ Faculty, New Dentist (1-5 years out of school) and the Female dentist. NJDA’s dues collection policy has been amended. There will be two choices: payment in full or 2 different credit card only installment plans(payment must be completed by June 30 of each year). If payment in full has not been made by July 10th, the dentist will be dropped July 11th. In addition to this, the telemarketing campaign has begun for members who have not paid their 2003 dues. Conversion to the ADA tripartite management system will begin on July 21, 2003 and the dues collecting process for 2004 will reflect ADA policy.

Also, we are mailing congratulation cards to NJDS graduates with a mail back card, hoping to recruit more students. To date, we already have a 30% response.

PEER REVIEW/DENTAL BENEFITS

The annual Peer Review Training Workshop has been scheduled for November 5, 2003 and announced that the new chairman on Peer Review is Dr. Richard J. Angowski (Monmouth-Ocean). On the dental benefits side, some plans are beginning to change their policies to be consistent with CDT-4 code descriptors (which, in some cases will preclude “bundling practices”) but other policy limitations may be applied. Other carriers most likely will wait until the October 16th implementation deadline for the HIPAA standard format and code sets.

GOVERNMENTAL AFFAIRS

Funding of the Medicaid dental program for adults has been fully reinstated in both the Senate and Assembly versions of the budget. Mr. Schulz also reported on the new “collection of benefits” legislation that would provide some relief to dentists who are not eligible to receive direct payment from dental plans due to participation status or other policy limitations. This is not an Assignment of Benefits bill. As currently written, the bill would enable dentists to enter into written agreements with patients to sign over the benefit payment to the dentist within ten days of receipt. Patients who do not sign over the benefit within thirty days would be guilty of a criminal offense and liable to the dentist for the full amount of payment as well as the dentist’s attorney’s fees and other costs incurred to enforce the agreement. After some discussion, the Board voted to support this bill.

COMMUNICATIONS

The board was updated on the progress of the new NJDA Website that will provide more information for both the public and members. We are in the third stage of the redesign (taking out the old and migrating what we will keep). We plan to go live on July 21st. Eric Elmore has been in touch with component editors and program chairs to ensure two way dialogue between the components and Associa-

Incoming MCDS President Dr. Nancy Villa presents immediate past-President Dr. Bruce Huberman with a plaque honoring his service to MCDS.

Mentor committee chair Dr. Ethan Glickman and Dr. Robert Silverstein with May Mentor Speaker Rosemarie Van Norman, whose course on digit-sucking habits was well attended.

Dr. Harmon Katz inducts our new officers for 2003-2004 (L-R): President Dr. Nancy Villa, President-Elect Dr. Mitch Weiner, Vice President Dr. Ross Kline, and Secretary Dr. Robert Silverstein. Absent is Treasurer Dr. Stephen Lawson

ANNUAL MCDS CROSSWORD FOR THE DENTAL CHALLENGED

Only a sick mind could come up with a Dental Society Puzzle, let alone a fifth installment. Attempt it at your own risk. I get feedback every year that it’s either too easy or too hard. This one is just bizarre. Good luck.
– Mitch

1. **A Simplified Methodology- Full Mouth Rehabilitation Altering Vertical Dimension and**

How Do You Select the Best Materials for Your Patient's Crowns & Bridges?

Wed.; September 17, 2003 9:30AM - 4:30PM 6 CEU Dr. Robert Cowie

COST: MCDS / NJDA members \$75----Staff \$25 Non-Members \$150

Dr. Robert Cowie is a 1976 graduate of Northwestern University Dental School and practices in Jacksonville, Florida. He holds membership in numerous professional organizations including the Jacksonville Dental Society [past President], the AGD, the American Equilibration Society, the Florida Academy of Dental Practice Administration, and the Pierre Fauchard Academy. He completed the continuums at the Center for Advanced Dental Studies and the L.D.Pankey Institute, Dr.Cowie has lectured nationally while continuing to practice a minimum of 30 hrs.a week chairside. **SEE ATTACHED PAGE FOR COMPLETE COURSE DESCRIPTION**

2. **Arestin: Systematic Approach: Management of Periodontal Disease**

Thursday; October 16, 2003 6:30 –8:30PM 2 CEU Dr. Steven Eisen

COST: MCDS / NJDA members \$15----Staff \$15 Non-Members \$50

This program, presented by Dr. Steven Eisen, will discuss the evolution of Locally Administrated Antibiotics [LAAs] as effective adjuncts to SRP in the management of periodontal disease. In addition, the rationale and importance of establishing a Periodontal Treatment Protocol [PTP] to help optimize the treatment of periodontal disease from a patient care and practice management perspective will be introduced.

After attending the presentation, attendees should be able to:

Explain the limitations of scaling and root planning [SRP] as a sole therapy for periodontal disease.

Explain the clinical trial data demonstrating the improvement that adding an LAA to initial SRP offers over SRP alone and recognize bacterial patterns that contribute to periodontal disease.

Discuss the latest entrant to the LAA market and the characteristics that make it fast and easy to use.

Explain how a Periodontal Treatment Protocol [PTP] can benefit both the patient and provider.

Dr. Eisen is a practicing periodontist in Sea Girt and Morganville, NJ. He holds membership in numerous professional organizations including the ADA, NJDA, Monmouth – Ocean County Dental Society, the NJ Society of Periodontists.

3. **Annual OSHA Certification Seminar**

Thursday; October 30, 2003 6:30-8:30PM 2 CEU Matt Giachetti

COST: MCDS / NJDA members \$15----Staff \$15 Non-Members \$50

This program will satisfy the OSHA standard on Occupational Exposure to Blood Borne Pathogens, which is **required annually for dentists and staff**. Each office person trained will receive certification that they have been properly instructed for this OSHA regulation on Infection Control.

Mr. Mathew Giachetti of LifeForce USA, Wall, NJ will present this annual OSHA Certification Seminar. Matt has presented this program to our MCDS members for the past two sessions and he engages us in an informative and professional manner while his entertaining style helps to make this” dry topic” bearable.

4. **Analyzing Practice Numbers, Adding an Associate, Practice Acquisition, Mergers & Transition**

Thursday; November 6, 2003 6:30-8:30P 2 CEU Kim Iannotte, AFTCO

COST: MCDS / NJDA members \$15----Staff \$15 Non-Members \$50

This presentation will cover several areas of interest to all. This is a business owner's guide to running a dental practice. Some of the topics that will be covered are: Controlling the “Overhead Monster”, Proper staff to patient ratio, Evaluating and increasing profit centers and Good vs. Bad debt, analyzing the need to add another doctor risks vs. rewards, choosing the best associate and the impact on the income of the practice owner.

Kim Iannotte is a Senior Transition Analyst and Management Consultant for AFTCO. Ms Iannotte holds a Business and Accounting BS and Masters degree from Rutgers University. She is a former Dental Hygienist, a former hospital Vice-President involved in acquisition and divestiture of medical practices and is a Fellow, American College of Medical Practice Executives [MGMA]

5. **Practice Management: “The Team Approach”**

Thursday; November 13, 2003 6:30-8:30PM 2 CEU Linda Lakin

COST: MCDS / NJDA members \$15----Staff \$15 Non-Members \$50

These seminars are available to our members as a member benefit of MCDS

NJDA NOTEWORTHY NEWS continued

tion and to share information. Since joining NJDA, he has initiated two press conferences in Trenton and submitted seven features in either print, TV or radio. Going forward, he will be working on the membership packet, student initiatives and the member directory in print form and CD ROM form.

REPORT OF OFFICERS

PRESIDENT-ELECT'S REPORT – Dr. Frank J. Graham

Dr. Frank Graham reported that he attended the Special Olympics opening ceremony and accepted an award on the behalf of NJDA. He also conveyed Special Olympic's appreciation for our support and that we were able to contribute \$12,700 to Special Olympics of New Jersey as a result of the NJDA Silent Auction in Atlantic City.

TREASURER'S REPORT – Dr. Robert A. Hersh

Dr. Hersh reported that UMDNJ has made a request for financial support with its building fund. Dr. LoMonaco distributed a proposal for Funding of The NJDA Reception Hall in the new Oral Health Pavilion at UMDNJ – New Jersey Dental School. A motion was made, seconded and unanimously ADOPTED by the Board (Vote #2 BT-03-6-24) to pledge \$50,000 to the UMDNJ – New Jersey Dental School Building Fund to pay out over five (5) years in five (5) equal payments. This will go to the House of Delegates for approval as part of the budgetary process.

EXECUTIVE DIRECTOR & LEGAL COUNSEL'S REPORT – Mr. Arthur Meisel

The first draft of the 2004 Budget was sent to the Finance and Investment Committee. The Committee will review it, make revisions and that draft will go out to the Board and the Budget Hearing Committee which meets at the Board of Trustees meeting August 13th. The August 13th meeting is also a combined Board meeting with the ADA Delegates and Alternate Delegates. At this meeting the candidates for the 2004 ADA President-Elect will make their presentations and we will be taking them to dinner that evening. There will be a Board Retreat, scheduled for November 15-16, 2003 in Princeton at the Nassau Inn.

NJDA's appeal regarding the “dental decision” proposal is pending. Delta Dental has filed a brief as a friend of the court. We will file a response. In addition to that, we should be receiving the brief of the State, probably by next week; we then have 10 days in which to respond.

NEW BUSINESS

Our endorsed plan for worker's compensation, the Dodson Group, was purchased by Meadowbrook Insurance Group. Meadowbrook submitted a proposal identical to Dodson with 3% of the annual premium being paid back to the Association and our contacts remain the same. Meadowbrook will now be endorsed.

Foundation of UMDNJ

The Board elected Dr. Carmine LoMonaco as the NJDA representative to the UMDNJ Foundation.
